

# Friends of the Library

Friends of the Library was happy to support the students nightly reading program in the elementary. Students were able to check out a variety of books from our school Library.

You would think that over 5,000 books would be sufficient, but as is the case often, a number of our books had to be retired due to wear and tear. Also many of our books were used to begin with and now it is time for replacement.

The teachers have requested that we increase the number of nonfiction titles as these seem to be the favorite of the majority of students. Students in K-2nd grade may read 5 books a week and many will read as many as 10. We need more books for K-3rd. Please feel free to donate books that your children have outgrown, but they have to be in good condition. We would like to collect donations to purchase:

1. A collection on sea creatures for K-1st..... 150.00
2. A Physical Science collection for grades 2nd-4th.....150.00
3. A transportation series.....100.00
4. Parents Read With Me Set Series.....150.00  
( this is an interaction set for parents/child )

Thanks to the Friends of the Library and families who have donated books their children have outgrown. We appreciate it so much and the students have put them to good use. Our K-5th grades (16 students) read a combined 45,000 minutes over the last school year.

Anyone in the community or parents may join the
